Arlington's Home Energy Rebates Application

Instructions for Completing this Application

1. **Your application must be emailed or postmarked by June 18, 2018 to be eligible.**
2. Each household/address may apply for a total of **up to \$575 in rebates per calendar year**. You may combine rebates as long as the total amount does not exceed \$575.
3. **The following items are eligible** for Arlington's Home Energy Rebates:
 - **Central air conditioners** (minimum 16 SEER)
 - **Central furnaces and boilers** (minimum 95 AFUE)
 - **Central heat pumps**, including geothermal heat pumps (minimum 15 SEER)
 - **Electric water heaters** (energy factor of at least 2.0) and **gas/oil/propane water heaters** (energy factor of at least 0.82).
4. **You have three months from the date your project is finished to apply for a rebate.** Rebates available while funds last. Your rebate will be processed within 90 days of receiving a completed application.
5. **Send complete applications with all attachments to energyrebate@arlingtonenvironment.org or mail them to** Arlingtonians for a Clean Environment, 3308 S. Stafford St., Arlington, VA 22206
6. Include **itemized, dated proof(s) of purchase**. Photocopies are acceptable.
7. If you're applying for the air conditioner, furnace, boiler, heat pump, or water heater rebate, **the proof of purchase has to show the new equipment's efficiency/rating.**
8. If you're applying for the air sealing or insulation rebate, **attach "before and after" photos** showing completed work. To receive a rebate, **you must spend at least \$330.**

Arlington's Home Energy Rebates Application

1. Your Basic Information	Address where work was completed (Street, City, State, Zip - check will be mailed here):
Name:	
Phone:	
Email:	

Check here if you would like to receive a monthly newsletter with other programs, tips, and events to help you save energy.

2. Your Eligibility

I affirm that I meet all the **eligibility criteria**: I have not received an Arlington rebate this calendar year, it is an existing home in Arlington (as opposed to new construction), and my project was completed in the last three months **on this date**: _____

I also affirm that I hold the County and ACE harmless from any liability for property damage or personal injury resulting from or connected to upgrades completed with this rebate funding, and I certify that all the information I have provided in this application is factual to the best of my knowledge.

Your signature: _____

3. Which Rebate(s) are you Applying for?

- HVAC (circle one): central air conditioner, furnace, boiler, heat pump, geothermal heat pump \$575 rebate**
 Approx. efficiency of your old system: _____ (circle one: SEER AFUE EER HSPF)
 Efficiency of your new system: _____ (circle one: SEER AFUE EER HSPF)

 - Water heater \$250 rebate**
 Approx. energy factor of your old water heater: _____
 Energy factor of your new water heater: _____

 - Duct sealing, air sealing, and/or insulation (30% of your costs, minimum \$330 spent to receive a rebate)**
 Total amount spent on duct sealing, air sealing, and/or insulation: \$ _____
 Rebate amount requested (should equal 30% of the line above, **maximum rebate of \$575**)..... \$ _____
- Total rebate you are applying for**..... \$ _____

Notes: each household/address may apply for up to \$575 in rebates per year. You MUST include copies of itemized, dated proof(s) of purchase for each purchase. Proposals are not acceptable. If you're applying for the air conditioner, furnace, boiler, heat pump, or water heater rebate, the proof of purchase must show the new equipment's efficiency/rating.

For air sealing or insulation projects, you must spend at least \$330 to receive a rebate. Remember to include "before and after" photos with your application.

4. Application checklist

- I have completed all four sections of this application
- I have attached **proof(s) of payment**. If applying for an air sealing/insulation rebate, I've included "before and after" photos with my application.
