

# Locating Your Stormwater Management Facilities Using Your Address

Step 1: Go the AC Maps:

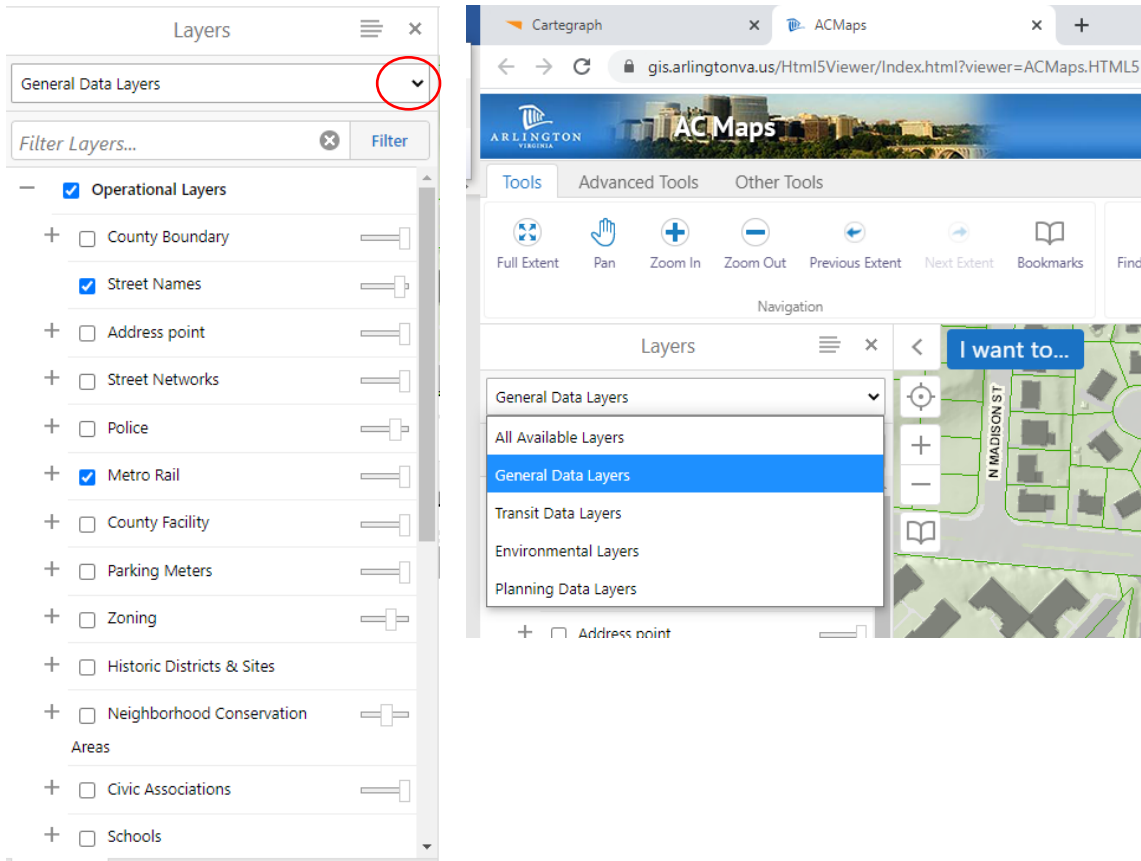

<https://gis.arlingtonva.us/Html5Viewer/Index.html?viewer=ACMaps.HTML5#>

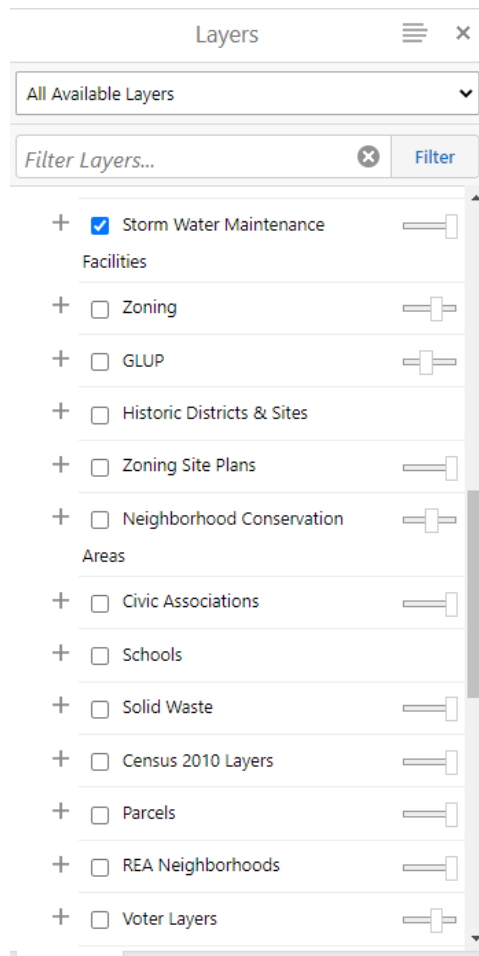

Step 2: In the search bar in the right corner type in your address to zoom the map to your address.

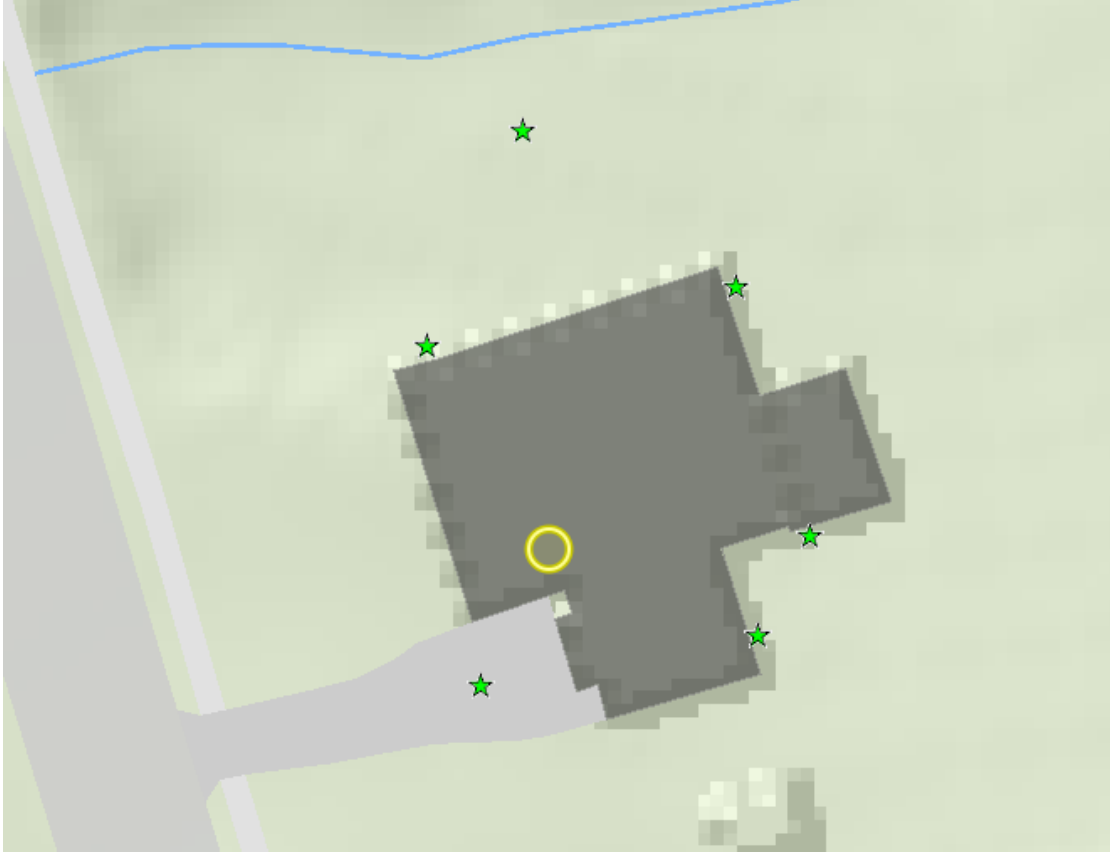

Step 3: Click on the  next to the "I want to...", to change "General Data Layers" to "All Available Layers" using the arrow to next to "General Data Layers".

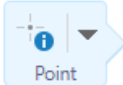

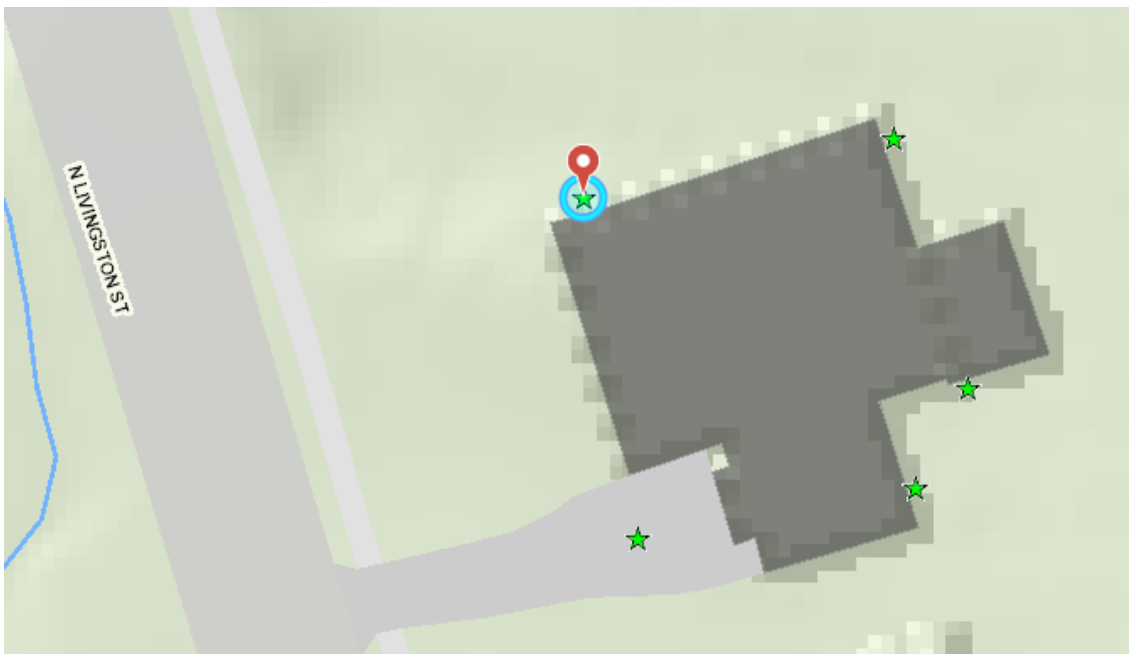

Step 4: Click “Storm Water Maintenance Facilities” on and unclick “Parcel”, using the scroll bar on the right.

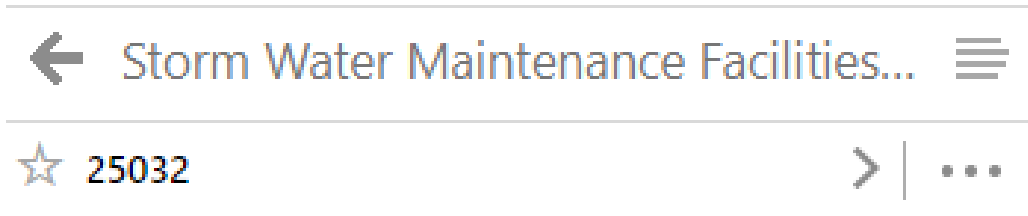

Step 5: Using the “Zoom In”  button at the top left of the screen to zoom closer to the Storm Water Management Facilities on your lot. The star symbols are your Storm Water Management Facilities.

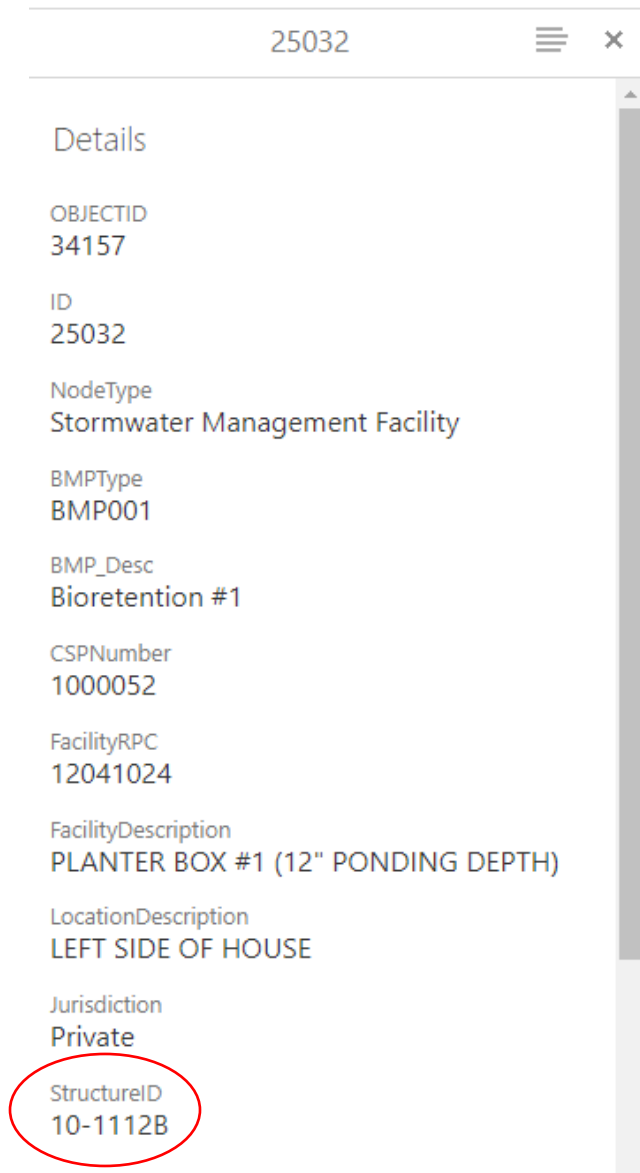

Step 6: Click on the id point symbol in the tool bar,  . Click the facility in questions

The information will appear in the window on the left.

Click the arrow on the right to display the facilities information. **Note the StructureID is the facility ID that you need to complete your inspection form.**

Repeat step 6 for each structure.
