Class Details

Class levels – All classes can accommodate all fitness levels. If it is your first time, please arrive a few minutes before class and let the instructor know that you are new. The instructor can then help you learn proper techniques for a safe and effective workout and provide modifications as needed.

Warm-up – The first five to ten minutes of class are devoted to the warm-up, which gradually prepares the body for more vigorous activities.

Strength Training – Includes exercises designed to build muscular strength and endurance using weights, resistance tubing or your body weight. Resistance training can help keep you strong, burn fat, increase muscle tone and strengthen bone density.

Cardio – Classes involve activities that increase your heart rate to train the heart and lungs. They will help increase your stamina, burn fat, relieve stress and more!

Cool-down – The end portion of the class is devoted to stretching to help increase flexibility and prevent injury. If you must leave class early, please let the instructor know.

- **Cycle:** A 45-60-minute cardiovascular workout on an indoor spinning bike. Hard work and energetic music will make this work out a challenge for any rider. Each workout may incorporate the use of guided imagery, speed, endurance, strength, intervals, sprints, or hill training. Also- try **Beginner's Cycle**- a 35-45-minute class to learn the fundamentals of cycling.
- **Muscle Conditioning:** A 45-60-minute cardiovascular and strength training class that works all muscle groups through a variety of exercises with resistive equipment such as bands, dumbbells, and/or body bars. Each class includes a warm up, light aerobic workout and cool-down segment.
- **Conditioning/ Core Training:** A 60-minute class that trains your abdominal, obliques, and lower back muscles to improve posture, core strength, and balance.
- **Stretch:** A 35-minute class that gets your heart rate up and then winds you all the way down nice and gently with stretches for the whole body.

DROP-IN POLICIES - Classes and instructors are subject to change. If a minimum average of 8 participants is not met over a 6-week period, a sign-up sheet would be required and commitment of 8 participants to keep on the schedule until the next review period. Schedules will come out every 2-3 months. Classes are seasonal based on demand.

Additionally, there are classes offered at The Thomas Jefferson Community Center and throughout the County specifically designed to meet the needs of the senior adult population.

Please contact the Senior Adult Office at 703-228-4747 for more information.
