

Our Mission: To improve the housing, neighborhood and economic conditions of Arlington County's low and moderate income residents by effectively administering the Community Development and Community Services Block Grants (CDBG and CSBG).

Community Development staff responsibilities include:

- Develop the annual Community Development Block Grant (CDBG) and Community Services Block Grant (CSBG) program and funding recommendations.
- Provide technical assistance, monitor, and evaluate program activities.
- Coordinate, implement, and evaluate community development activities in Arlington neighborhoods.
- Ensure compliance with federal regulations (e.g. environmental, labor standards, and acquisition) through financial management and oversight.
- Assist citizens to participate in the planning, implementation, and evaluation of the program; provide staff support for the Community Development Citizens Advisory Committee (CDCAC).

SIGNIFICANT BUDGET CHANGES

The FY 2016 Community Development (CD) program budget includes \$1,124,725 in estimated Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) for Arlington and the City of Falls Church. This estimate is based on level funding from the FY 2015 allocation from HUD. The City of Falls Church will receive \$47,677 of the grant funds under a Cooperation Agreement with the County. The CD Fund also includes federal HOME funds in the amount of \$54,564 to cover personnel expenses for staff administration and management oversight.

Present projections for the FY 2016 CSBG allocation (\$182,521) are based on a four percent reduction from the FY 2015 budget to reflect current funding trends. The CSBG program budget is funded through a grant from the U.S. Department of Health and Human Services and is administered by the Virginia Department of Social Services. The CSBG budget is included in the Department of Community Planning, Housing and Development's (DCPHD) Housing Division General Fund budget. Both CDBG and CSBG will address the County's CD program priorities through the programs detailed on the following pages.

- ↑ Personnel increases due to employee step increases and an increase in the County's cost for employee health insurance, offset by adjustments to retirement contributions based on current actuarial projections.

PERFORMANCE MEASURES

Critical Measures	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2014 Actual	FY 2015 Estimate	FY 2016 Estimate
Number of micro-enterprises assisted with loans and technical support	24	73	39	44	69	70
Number of owner-occupied units with improved accessibility	26	16	39	17	25	23
Number of persons assisted through training and job placement/success rate	202/67%	179/61%	138/70%	181/58%	200/70%	175/70%
Number of persons benefiting from public service activities	1,313	1,740	1,721	1,063	1,500	1,500

Supporting Measures	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2014 Actual	FY 2015 Estimate	FY 2016 Estimate
Number of multi-family projects completed/units occupied	1/134	0/0	1/111	1/121	1/98	0/0
Number of housing events and workshops sponsored	32	48	33	36	28	26

- Number of micro-enterprises assisted in FY 2015 and FY 2016 is estimated to increase due to a new strategy by nonprofit partners to utilize crowd-sourced loans.
- In FY 2013, 20 units at Culpepper Gardens received accessibility improvements, in addition to owner-occupied units. In FY 2014, the Home Improvement Program (HIP) was put on hiatus as program guidelines were revised, so that only two HIP cases were completed, rather than the estimated 10; an additional 15 units were improved through the Rebuilding Together program.
- The number of persons assisted through training and job placement is expected to decrease in FY 2016 because of a change in the way beneficiaries are counted, in order to minimize duplicated client counts.
- Job placement success rate measures the percentage of clients who remain employed 90 days after placement. In FY 2014 more people were assisted with job training and placement, but fewer of them were still employed 90 days later, likely due to job type availability and individual barriers.
- Persons benefiting from public services are served by youth activities, neighborhood programs, public health programs, and resident services programs. The number of persons benefiting from public services activities decreased in FY 2014 because of a change in reporting methodology for participation in day laborer activities in order to eliminate duplicated counts. In FY 2015 and FY 2016, counts will include participants in the Neighborhood Strategy Area small grants program.
- Multi-family projects completed are those by CDBG supported non-profits. In FY 2016, two multi-family housing development projects (the Springs and Columbia Hills) will be under construction but are not scheduled for completion until FY 2017.
