(9-1-59; Ord. No. 92-33, 7-11-92; Ord. No. 12-06, 5-19-12)

A. The following words and terms, when used in this section, shall have the following meanings unless the context clearly indicates otherwise:

1. “System” means a traffic light signal violation-monitoring system that operates by means of a vehicle sensor installed to work in conjunction with a traffic light that automatically produces two or more photographs, two or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in violation of Virginia Code § 46.2-833, § 46.2-835, or § 46.2-836, as amended, which are incorporated by reference in § 14.2-1 of this Chapter 14.2. For each such vehicle, at least one recorded image shall be of the vehicle before it has illegally entered the intersection, and at least one recorded image shall be of the same vehicle after it has illegally entered that intersection.

2. “Owner” means the registered owner of a vehicle on record with the Department of Motor Vehicles.

B. The County Manager or his designee may install and operate, at no more than one intersection for every ten thousand (10,000) residents within the County, a System for the purpose of imposing monetary liability on the operator of a motor vehicle for failure to comply with traffic light signals within the County.

C. Proof of violation; presumption.

1. Proof of a violation of this section shall be evidenced by information obtained from the System. A certificate, sworn to or affirmed by a law enforcement officer employed by the County, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by the System, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate liability for a violation of this section.

2. Prima facie evidence that the vehicle described in the summons issued pursuant to subsection E was operated in violation of this section, together with proof that the defendant was at the time of such violation the owner, lessee or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee or renter of the vehicle was the person who committed the violation. This presumption shall be rebutted if owner, lessee or renter of the vehicle files an affidavit by regular mail with the Clerk of the General District Court that he or she was not the operator of the vehicle at the time of the alleged violation or testifies in open court under oath that he or she was not the operator of the vehicle at the time of alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged violation, is presented, prior to the return date established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

D. The operator of a vehicle shall have violated this section and shall be liable for a monetary penalty of up to fifty dollars ($50.00) if the operator is found, as evidenced by information obtained from the System, to have failed to comply with a traffic light signal. No monetary penalty imposed under this section shall include court costs. Imposition of a penalty under this section shall not be deemed a conviction as an operator, and shall not be made part of the operating record of the person upon whom such liability is imposed; nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

§ 14.2-44. Parking Time Limits; When Parking Meters Operative.

A. The County Manager or his designee may designate the approved parking meter zone as established under § 14.2-40 of this Code as thirty (30) minute, one (1) hour, two (2) hour, or over two (2) hour parking meter zones. Notwithstanding any provision of this Subdivision D to the contrary, a vehicle displaying disabled parking license plates, organizational removable windshield placards, permanent removable windshield placards, temporary removable windshield placards issued under § 46.2-1241 of the Code of Virginia, "DV" disabled parking license plates issued under § 46.2-739 B of the Code of Virginia, disabled parking license plates issued under § 46.2-731 of the Code of Virginia, or a duly authorized handicapped license plate, decal or permit issued by the Department of Motor Vehicles or similar state agency of another state or the District of Columbia, may be parked for sixty (60) minutes in a thirty (30) minute parking meter zone, two (2) hours in a one-hour parking meter zone, and four (4) hours in a two (2) hour parking meter zone.

B. Parking or standing a vehicle during the hours of meter operation in a designated space or area in a parking meter zone shall be lawful upon the deposit of coin or coins of the United States of America or upon the use of a credit card or other acceptable form of payment or upon the proper designation of time on an in-vehicle parking regulator at the following maximum rates, unless a lower rate is determined by the County Manager after considering, among other factors, volume, duration, and time of duty of metered parking space utilization:

1. Thirty (30) minute parking meter zone: One dollar and fifty cents ($1.50) for each hour parked.

2. One (1) hour parking meter zone: One dollar and fifty cents ($1.50) for each hour parked.

3. Two (2) hour parking meter zone: One dollar and fifty cents ($1.50) for each hour parked.

4. Four (4) hour parking meter zone: One dollar and fifty cents ($1.50) for each hour parked.

5. Over four (4) hour meter zone: One dollar and twenty-five cents ($1.25) for each hour parked.

6. Tour bus parking zone: Three dollars ($3.00) for each hour parked.

C. Said parking meters, except those in tour bus parking zones, shall be operated in said parking meter zones every day between the hours of 8:00 a.m. and 6:00 p.m. except Sundays and holidays; provided, however, that the County Manager or his designee may provide for different hours of meter operation in such parking meter zones whenever he determines that traffic conditions in any particular zone required such change; in which case the County Manager shall cause a tag, showing the hours of meter operation, to be affixed to each meter in the zone affected by such change and he shall have other appropriate signs erected showing the hours of legal parking in such zone. Upon the affixing of such tag and erection of such signs, the hours of meter operation shall be that indicated on such tags and signs.

B. Permit any vehicle during the hours of parking meter operations to remain or be placed in any parking space adjacent to any single-space parking meter while the meter is displaying a signal or in the case of a multi-space meter when the receipt issued to the parker on payment or the payment record issued to parking meter enforcement personnel indicates that the vehicle occupying such parking space has already parked beyond the period prescribed for such parking space, unless there is an in-vehicle parking regulator attached to the vehicle in the manner described in § 14.2-43 and the display of such in-vehicle parking regulator indicates that a balance of legal parking time remains for such parking space or area.

C. Park any vehicle across any line or marking of a parking meter space or in such position that the vehicle shall not be entirely within the area designated by such lines or markings.

D. Deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter or in-vehicle parking regulator installed under the provisions of this subdivision.

5. Provided, however, that motor vehicles which are registered with the Virginia Department of Motor Vehicles or State Corporation Commission prior to July 1, 1956, may be permitted to operate under:

a. The preceding paragraphs of this subdivision in conformity therewith; or

b. Under the provisions of the statutes of this State in force on January 1, 1956, but such operation shall only be permissible during the period in which the motor vehicle remains in operating condition. When such vehicle ceases to be operable the option to operate under this provision shall terminate. All vehicles, operation of which is desired under the provisions of subsection 2 of this paragraph, shall be registered with the State Department of Highways and obtain a permit without cost, so to do.

6. It shall be unlawful for any person willfully to remove, alter, deface, or tamper with any number, plate, bracket, sticker, decal, indication, or other device indicating the manufacturer's gross vehicle weight rating of any vehicle which (i) has a manufacturer's gross vehicle weight rating of fifteen thousand (15,000) pounds or less and (ii) has been modified by alteration of its height from the ground. Violation of this section shall constitute a Class 3 misdemeanor.

Code Updated June 2015
§ 14.2-54. Same--Exception as to Vehicles Designed for Towing Disabled Vehicles.

The provisions of § 14.2-53 shall not apply to a vehicle designed for towing disabled vehicles when towing such vehicle in an emergency in such manner that a part of the combined weight of the two (2) vehicles rests upon an axle or axles of the towing vehicle, provided the towed and towing vehicles each are within the weight limits prescribed in § 14.2-53. The provisions of this section shall not be construed to permit the violation of any lawfully established load limit on any bridge.

§ 14.2-55. Liquidated Damages for Violation of Weight Limits; Powers of Enforcement Officers; Forfeiture of Vehicle and Cargo; Charges Additional to Other Liability.

A. Upon conviction of any person for violation of any weight limit as provided in this chapter, the court shall assess the owner, operator, or other person causing the operation of such overweight vehicle liquidated damages in the amount of two cents ($0.02) per pound for each pound of excess weight over the prescribed limit when the excess is five thousand (5,000) pounds or less, and five cents ($0.05) per pound for each pound of excess weight over the prescribed limit when such excess is more than five thousand (5,000) pounds. Such assessment shall be entered by the court as a judgment for the County, the entry of which shall constitute a lien upon the overweight vehicle. Such sums shall be paid into court or collected by the attorney for the Commonwealth and forwarded to the County Treasurer and allocated to the fund appropriated for the construction and maintenance of County highways.

B. Any officer authorized to make arrests and weigh vehicles under the provisions of this chapter may, for a period of twenty-four (24) hours without a court order and thereafter upon a written order of the court either before or after conviction, hold the vehicle involved in the overweight violation, provided the same is not registered with the Department of Motor Vehicles, until the amount assessed, if after conviction, or subject to be assessed, if before conviction, together with the cost of holding or storing of the vehicle, be paid, or until a bond by or on behalf of the offending person is given for payment as the court may direct of the amount assessed or to be assessed with surety approved by the court or its clerk.

C. In the event the amount so assessed be not paid or no bond be given as provided hereinabove, the vehicle involved in the overweight violation shall be stored in a place of security as may be designated by the owner or operator of the vehicle. If no place be designated, the officer making the arrest shall designate the place of storage. The owner or operator shall be afforded the right of unloading and removing the cargo from such vehicle. The risk and cost of such storage shall be borne by the owner or operator of such vehicle.

D. If within sixty (60) days from the time of the conviction for the overweight violation the offending party does not pay the assessment imposed by this section, together with the cost of storing such vehicle and cargo, if the cargo is not removed as herein provided, the vehicle and cargo shall be forfeited to the County and sold to satisfy the assessment and cost of storage.

E. Upon notification of the failure of such person to pay the amount assessed, together with the payment of cost of holding such vehicle under this section, the Division or the Department of State Police may thereafter deny the offending person the right to operate a motor vehicle or vehicles upon the highways of this State until such assessment has been paid.

F. The charge hereinabove specified shall be in addition to any other liability which may be legally fixed against such owner or operator for damage to a highway or bridge attributable to such weight violation.

§ 14.2-56. Permits for Excessive Size and Weight.

The County Manager acting in his discretion upon application in writing and good cause being shown therefor may issue a special permit in writing authorizing the applicant to operate or move a vehicle upon the highway of a size or weight exceeding the maximum specified by law. Every such permit may designate the route to

be traversed and contain any other restrictions or conditions deemed necessary by him.

The County Manager, upon application in writing made by the owner or operator of three (3) axle trucks hauling road construction materials and having a gross weight not exceeding forty-three thousand nine hundred (43,900) pounds, a single (1) axle weight not exceeding eighteen thousand (18,000) pounds and a tandem-axle weight not exceeding thirty-two thousand (32,000) pounds, shall issue to such owner or operator, without cost, a permit in writing authorizing the operation of such vehicles upon the highways. No such permit shall designate the route to be traversed, nor contain restrictions or conditions not applicable to other vehicles in their general use of the highways. Provided, further, the County Manager upon application in writing made by the owner or operator of three (3) axle vehicles used exclusively for the mixing of concrete in transit and having a gross weight not exceeding fifty thousand (50,000) pounds, a single (1) axle weight not exceeding eighteen thousand (18,000) pounds, and a tandem-axle weight not exceeding thirty-six thousand (36,000) pounds, shall issue to such owner or operator, without cost, a permit in writing authorizing the operation of such vehicles upon the highways. No such permit shall designate the route to be traversed nor contain restrictions or conditions not applicable to other vehicles of this weight in their general use of the highways. No permit issued under this section providing for a tandem-axle weight in excess of thirty-two thousand (32,000) pounds shall be issued to include travel on the federal system of highways.

Every such permit shall be carried in the vehicle to which it refers and shall be open to inspection by an officer and it shall be a misdemeanor for any person to violate any of the terms or conditions of such special permit.

Any permit which has been heretofore or is hereafter issued by the County Manager pursuant to this section may be restricted so as to prevent travel on any federal-aid highway if the continuation of travel on such highway would result in a loss of federal-aid funds. ARTICLE VIII.
RESIDENTIAL PERMIT PARKING PROGRAM

§ 14.2-98. Purpose and Intent.

The creation of residential parking zones is intended to: promote the health, safety and welfare of residents of the County by reducing unnecessary personal motor vehicle travel, noise, pollution, litter, crime and other adverse environmental impacts; promote improvements in air quality; reduce congestion and/or hazardous traffic conditions in the neighborhood; increase the use of public mass transit; protect residents from unreasonable burdens in gaining access to their property; preserve neighborhood living within an urban environment; maintain the convenience and attractiveness of urban residential living; preserve the residential character of the neighborhood and the property values therein; and safeguard the peace and tranquility of the neighborhood.

(Ord. No. 05-08, 07-09-05; Ord. No. 12-06, 5-19-12)

§ 14.2-99.

To those ends, whenever the County Manager or his designee shall determine that the streets of a particular district or discrete portion of a district in which residential uses are permitted and commercial and industrial uses are not permitted, except transitional uses or by conditional use permit, are being used for parking by the operators of vehicles while the operators of those vehicles are using (1) districts in which commercial or industrial uses are permitted, or (2) portions of districts in which conditional special uses have been permitted under § 3, subsections A.10.a. through A.10.c., of the Zoning Ordinance, (3) public mass transportation or (4) other residential districts and the average number of vehicles parking in such a manner is in excess of twenty-five percent (25%) of the number of parking spaces on such streets and the total number of spaces actually occupied by any vehicles exceeds seventy-five percent (75%) of the number of spaces on such streets, as disclosed by an engineering study, the County Manager or his designee shall prohibit parking during the hours when such use has been found on those streets of those districts or portions of districts found by the survey to have been so affected.

(Ord. No. 05-08, 07-09-05; Ord. No. 12-06, 5-19-12)

§ 14.2-100.

In determining the boundaries of particular zones and portions thereof, the County Manager or his designee should use the following factors: limiting size of zones to avoid cross commuting within zones; consideration of zoning designations and land use characteristics; location of major and minor arterials, natural boundaries, traffic generators, and civic association boundaries; consideration of driving patterns within a neighborhood, the parking capacity of the street, the existence of driveways and dedicated parking; and other such neighborhood characteristics that the County Manager or his designee may determine to be relevant in carrying out the purposes of this chapter.

(Ord. No. 05-08, 07-09-05; Ord. No. 12-06, 5-19-12)

§ 14.2-101.

In such cases the County Manager shall cause appropriate signs giving notice of the prohibition to be posted on those streets restricting all parking except parking by the holders of permits granted only under the following conditions:

A. To persons who are residents of any particular area in which parking is so restricted, to be limited to that particular area in which parking is so restricted for a limited number, determined by the County Manager or his designee, of vehicles owned by those persons and registered in the County. Each household shall be provided one flex pass at no charge, and the County Manager may charge a fee for such additional permits not to exceed twenty dollars ($20.00) for the first permit, twenty dollars ($20.00) for the second permit, fifty dollars ($50.00) for the third permit, and two hundred fifty dollars ($250.00) for each permit thereafter;

B. To persons who are visitors of or persons who do business with any residents of any particular area in which parking is so restricted, to be limited to that particular area in which the visited residence is located.
where parking is so restricted, to be valid for a stated period and the County Manager may charge a fee for any such visitor passes created, not to exceed twenty-five cents ($0.25); and

C. The parking prohibitions of Article VIII shall not apply to service or delivery vehicles which are being used to provide services or make deliveries to dwellings.

§ 14.2-102.

Any such person shall show to the County Manager or his designee satisfactory evidence that he fulfills all the conditions for such a permit. Whenever the conditions no longer exist, the person holding such a permit issued under § 14.2-101.A or 14.2-101.B shall surrender it to the County Manager or his designee. It shall be unlawful for any person to represent that he is entitled to such a permit when he is not so entitled, or to park a vehicle displaying such a permit at any time when the holder of such permit is not entitled to hold it. No permit issued hereunder shall be valid for more than one (1) year.

§ 14.2-103.

The signs placed in such areas shall be of such character as to inform readily an ordinarily observant person of the existence of the rules and regulations imposing the foregoing restrictions. It shall be unlawful for any person to violate such rules and regulations.

§ 14.2-104.

Wherever metered or other paid parking restrictions are in effect in any portion of a district that becomes subject to the restrictions of Article VIII, the parking spaces so restricted may be used by permit holders with properly displayed permits for that zone and are not required to pay for that parking. However, vehicles without properly displayed permits for that zone may park in the restricted spaces and must pay.

§ 14.2-105.

On any block of any street where the conditions of § 14.2-99 above calling for restricted parking exist, the County Manager may reduce the restriction under the following conditions. If a hardship exists for visitors to park because of the unavailability of off-street or other unrestricted parking or other conditions not generally prevailing on the residential streets of the County, the County Manager may conduct an engineering study to determine the conditions on the block or blocks in question. If the study shows that less than fifty percent (50%) of the dwelling units abutting on the street have off-street parking for at least one (1) vehicle and there is no other reasonable alternative parking available, the restriction may be reduced to allow parking for no more than two (2) hours with permit holders exempted from that restriction.

§ 14.2-106. Enforcement and Penalties.

It shall be unlawful for any person to park a motor vehicle in violation of the provisions of this section.

A. It shall be unlawful to improperly display Residential Parking Zone decals/passes. Failure to properly display decals/passes shall be punishable by a fine specified in Section 14.2-7.1.

B. Enforcement of Residential Parking Zone regulations shall be under the jurisdiction of the Arlington County Police Department, which shall issue citations against those persons who violate the provisions of this subsection.

C. Vehicles parked in violation of these provisions may be towed at the owner's expense.

Code Updated June 2015
D. The Arlington County Treasurer shall collect and account for all uncontested payments of parking citations under this article; and any contest by any person of any parking citation shall be certified by the said Treasurer, in writing, on an appropriate form, to the Arlington County General District Court.
