(Ord. No. 09-16, 6-13-09)

§ 25.1-4. Determination of Number of Taxicabs; Issuance of Certificates.

A. The number of Taxicabs for which Certificates are proposed to be authorized shall be determined by the County Manager, on a biennial basis, not later than July 1 of each even-numbered year, or as may be directed by the County Board, after considering for the immediately preceding two (2) years:

1. the percentage change in residents, Taxicab and paratransit trips, and indicators of business activity, tourism, and public transportation use (jointly "Market Change") within Arlington County;
2. Taxicab industry and Certificate-holder performance indicators;
3. Competition, including consideration of the number of Taxicabs authorized to be operated by any Certificate-holder in relation to the total number of Taxicabs authorized to be operated under all Certificates, and the goal of preventing any disadvantageous effects on competition, the quality of Taxicab service, and the public health, safety, and welfare resulting from a concentration of the total authorized Certificates in any one Certificate-holder; and
4. Other factors having, in the reasonable opinion of the County Manager, specific relevance to the provision of Taxicab Service to the public.

B. Upon making such determination, the County Manager shall issue a statement indicating the number of additional Taxicabs proposed to be authorized, the rationale for such number, and the general methodology expected to be used in arriving at a recommendation which the County Manager may make pursuant to subsection D below.

C. If an Applicant applies for a Certificate, the issuance of which would authorize an increase in the number of Taxicabs for such Applicant or Certificate-holder, and which increase would exceed the number of Taxicabs determined by the County Manager pursuant to subsection A above, then the application shall include relevant facts indicating the reasons that the Applicant contends that the Market Change, industry performance, Certificate-holder performance, competition, and other specified factors are other than those determined by the County Manager.

D. The County Manager shall recommend to the Board, not later than October 15 of each even-numbered year, the number of additional Taxicabs (to be authorized by Certificates) allocated to each Applicant, including the number of Wheelchair-accessible Taxicabs and hybrid or vehicles not primarily powered by gasoline or diesel fuel.

E. In making such recommendation, the County Manager shall consider the following factors, in no particular order, and such other relevant information as the County Manager deems appropriate, including the effect of the granting of the application(s) on Taxicab Service in Arlington County:

1. whether the Applicant will offer hail and Taxi Stand service;
2. whether the Applicant will offer telephone-reservation and dispatch service;
3. how many of the additional Taxicabs will be Wheelchair-accessible vehicles;
4. to what extent customers may pay using credit or debit cards;
5. fuel efficiency of proposed additional Taxicabs including whether the additional Taxicabs will be hybrid or vehicles not primarily powered by gasoline or diesel fuel;
6. the Applicant's recent vehicle productivity, if any, as evidenced by paid Taxicab trips per authorized Taxicab per day;
7. the Applicant's recent vehicle efficiency, if any, as evidenced by percent of total miles travelled for which Passengers travel;
8. the days and hours for which service will be available;
9. the Applicant's recent customer-service record, if any, as evidenced by the scarcity of complaints per authorized taxicab;
10. the Applicant's intended fleet sustainability, as evidenced by the current (if any) and proposed fleet fuel-efficiency ratings;
11. competition within the industry including the number of Taxicabs that the Applicant(s) would be authorized, should the number applied for be granted, relative to the total number of Taxicabs authorized under all Certificates, and the effect thereof on the public convenience and welfare; and
12. proposed innovation to Taxicab service in Arlington County.

The County Manager, or his designee, may transmit to the Applicants and to all Certificate-holders written notice of the County Manager's recommendations.

F. *Decrease in number of Taxicabs authorized under a Certificate:*

1. At the time the County Manager issues recommendations to the County Board pursuant to subsection D above, the County Manager shall indicate the number of Taxicabs, authorized by a Certificate, that were not operated during any of the immediately preceding one hundred and eighty (180) calendar days. Thereafter, the County Manager shall give written notice to the Certificate-holder and afford the Certificate-holder an opportunity to be heard by the County Manager. If the County Manager determines that a decrease in the number of Taxicabs authorized by Certificates is warranted because Taxicabs were not operated during the above time period, then, upon receipt of notice of said determination, the Certificate-holder shall surrender the existing Certificate to the County Manager and the County Manager will issue a new Certificate authorizing the specified lesser number of Taxicabs to the Certificate-holder.

2. Subsection 1 above shall not apply, for a period of one (1) year, to new or additional Taxicabs authorized under a Certificate.

G. The County Manager, or his designee, prior to the public hearing on the application(s) before the Board, will furnish to the Transportation Commission all appropriate documents concerning the application(s) under consideration, and will request a recommendation thereon from the Transportation Commission. Not later than November 15 of each even-numbered year, the Transportation Commission shall make its written recommendation to the Board. The recommendation shall state whether or not the Transportation Commission recommends that the Board grant any or all the application(s), in whole or in part. If the Transportation Commission does not forward a recommendation to the Board by November 15, then the Board may act without any such recommendation.

H. After receipt by the Board of recommendations from the County Manager, and not sooner than November 15 of each even-numbered year, the Board, after a public hearing, after considering the factors contained in subsection E above, and after determining whether the public health, safety and welfare will be protected or enhanced, may authorize the County Manager to issue Certificate(s) to any or all of the Applicants as the Board deems appropriate, concerning the application(s). The Board may determine that no Certificate(s) shall be issued, in which case all existing Certificate(s) shall remain in effect.

I. If the Board authorizes the County Manager to issue any new Certificate(s) to any Applicant(s), then, upon the surrender to the County Manager of any existing Certificate(s), the County Manager, or his designee, shall issue a new Certificate(s) to the Certificate-holder(s). The issuance of a Certificate constitutes permission for the Certificate-holder to engage in the Taxicab Business in accordance with this chapter and all applicable laws, ordinances and regulations.

For injury to two (2) or more persons in any one (1) accident: three hundred thousand dollars (\$300,000.00)

For property damage in any one (1) accident: fifty thousand dollars (\$50,000.00)

2. If a combination of self-insurance and a policy of insurance is approved, such combination will provide the coverage specified in subsection B.1 above.

C. Each insurance policy offered as fulfillment of the requirements of this section shall contain a clause to the effect that the insurance carrier may not cancel the policy except upon thirty (30) day's written notice to the County Manager, or his designee, as well as other notices as may be required by law to be given to the policy holder.

E. If judgment is rendered against the Vehicle Owner or Driver, or both, in any court of competent jurisdiction by reason of any accident for which self-insurance or an insurance policy is provided in this section, then the Vehicle Owner shall, within twenty-four (24) hours after the rendition of such judgment, whether appealed from or not, maintain the total amount of insurance required by this section or any other provision of law, whichever

A Vehicle Owner may self-insure only up to one hundred thousand dollars (\$100,000.00) and only if such owner has obtained a certificate of self-insurance pursuant to § 46.2-368 of the Code of Virginia, and has fulfilled the requirements and obtained a certificate or permit as required by law, provided that the certificates or permits for self-insurance shall be in full force and effect at all times. Evidence of such certificates or permits shall be filed with the County Manager, or his designee, before the issuance of any Certificate and shall require notice by the Commonwealth of Virginia to the County Manager, or his designee, before termination of the self-insurance certificates or permits. The report will be ordered and undertaken at the Certificate-holder's expense.
4. If at any time it should appear that the Certificate-holder no longer meets the criteria required for approval as a self-insurer as set forth herein or fails to file any required documents, then the Certificate-holder will be given written notice identifying the particular criteria or filing default. The written notice will stipulate a reasonable date and time by which the Certificate-holder must furnish evidence, satisfactory to the County Manager, or his designee, that the approval criteria are again met or the default cured. Failure to respond in a timely manner to the notice, failure to meet approval criteria or failure to cure a default will result in revocation of the right to self-insure.

G. Taxicabs licensed by other jurisdictions and providing Taxicab Service in Arlington County pursuant to § 25.1-26, shall maintain the insurance coverage required by the licensing jurisdiction.

H. § 25.1-7 is not intended to release a Vehicle Owner from its independent obligation to comply with insurance requirements of the Commonwealth of Virginia.
(Ord. No. 09-16, 6-13-09)

§ 25.1-8. Suspension or Revocation of Certificates.

A. Certificates may be suspended for a period of one (1) to thirty (30) calendar days, or revoked, by the County Manager for any of the following reasons:

1. Failure to operate Taxicabs, provide Taxicab Service, or engage in Taxicab Business in strict accordance with this chapter,
2. Failure to maintain Taxicabs in good order and repair,
3. Failure to maintain insurance as required by this chapter,
4. Repeated and persistent violations by the Certificate-holder or Drivers, of the Code of Arlington County, Virginia, or the motor vehicle laws of the Commonwealth of Virginia,
5. Failure to report any accident as required by this chapter,
6. Failure of the Certificate-holder to pay any fees required by this chapter, or
7. Failure to submit information or documents required by any provision of this chapter.

B. Process and effect.

1. After considering the reasons in subsection A above, and related facts and documents, the County Manager shall notify the Certificate-holder, by certified mail or hand delivery, that the County Manager is considering a suspension or revocation of a Certificate. The notice shall state the reasons for which the County Manager is considering such action. The Certificate-holder shall have fourteen (14) calendar days after receipt of such written notice to remedy all failures and violation(s) giving rise to the proposed suspension or revocation. Upon the expiration of such fourteen (14) day period, if all such failure(s) and violation(s) are not fully remedied, then the County Manager shall notify the Certificate-holder, by certified mail or hand delivery, of the date, time and place for a hearing before the County Manager. During such hearing the Certificate-holder shall be given an opportunity to be heard, including the opportunity to present relevant evidence against any suspension or revocation. If, after the hearing and consideration of the facts, the County Manager determines that a suspension or revocation is warranted, then the Certificate-holder shall be so notified in writing and the Certificate shall be suspended or revoked as provided in such notice. Such action shall be effective upon receipt by the Certificate-holder of such written notice, by certified mail or hand delivery.
2. Notwithstanding any provision of this chapter to the contrary, if the County Manager determines that the reasons for any proposed or impending suspension or revocation of a Certificate constitute an immediate hazard to the public health, safety or welfare, then the County Manager may suspend or revoke a Certificate immediately upon delivery of a written notice thereof, by certified mail or hand delivery, to the Certificate-holder, without the necessity of the fourteen (14) day notice set forth in subsection B.1 above. Thereafter, the Certificate-holder shall be given notice, by certified mail or hand delivery, and an opportunity to be heard by the County Manager. If, after such hearing, the County Manager determines that the certificate should not have been immediately suspended or revoked, then the County Manager may either suspend or revoke the Certificate in accordance with the procedure specified in subsection B.1 above, or reissue the Certificate without the necessity of a reapplication by the Certificate-holder as otherwise required under subsection C below.

C. Application after revocation of Certificate. If the County Manager revokes a Certificate, then the prior holder of the revoked certificate shall not engage in the Taxicab Business in Arlington County, unless and until the prior Certificate-holder reapplies for a Certificate in accordance with the application process of this chapter and is issued a Certificate. The prior Certificate-holder shall be entitled to reapply for a Certificate only at the times

provided in § 25.1-3.B.1 but, in any event, not sooner than three hundred and sixty-five (365) calendar days after the effective date of the revocation.

D. In the case of a Certificate suspension, the Certificate-holder shall not be required to reapply for a Certificate at the end of the suspension periods. Permissions to engage in the Taxicab Business shall recommence as provided in the notice of suspension.
