Cynthia Liccese-Torres, *Department of Community Planning, Housing and Development*

In Memory of Carrie Johnson, who served on the PSMP Update Advisory Committee for over 3 years as an at-large member.

For over three decades, Carrie Johnson helped to shape and define Arlington's inclusive community planning and policy processes. Carrie shared her wisdom, energy, creativity, civility and integrity to this planning process as well as the previous two public spaces master plans, and many other key planning processes. Her myriad contributions provide a lasting legacy to the public spaces where we come together as a community.
