Columbia Pike Utility Undergrounding & Streetscape Improvements
West End - Arlington/Fairfax County Line to Four Mile Run

Construction Update
July 10, 2020

Construction activities planned for Monday, July 13 through Sunday, July 26 and their expected impacts are described below. This work is weather dependent and subject to change.

Construction Activities

• Construction on the south side of Columbia Pike west of South Greenbrier Street is anticipated to begin on or about Wednesday, July 15.
• Continue roadway reconstruction, sidewalk, curb and gutter, and street lights on the north side of Columbia Pike between South Greenbrier Street and South Dinwiddie/Columbus Street.
• Continue construction of retaining wall and sidewalk on South Columbus Street on the east side.
• Continue construction of sidewalk, curb and gutter, and roadway on South Dinwiddie Street.
• Backfill green area in the sidewalk on the south side of Columbia Pike.
• Continue construction of sidewalk, curb and gutter and begin roadway work on the south side of Columbia Pike between South Jefferson Street and South Greenbrier Street and on the east side of Jefferson Street.

Lane Closures

• The slip lane from northbound Jefferson Street onto eastbound Columbia Pike will be closed during work hours for utility undergrounding work.
• One lane on South Dinwiddie Street will be closed 24/7 to facilitate construction of sidewalk, curb and gutter and roadway. One southbound and one northbound lane on Dinwiddie Street will stay open at all times.
• Eastbound right lane on Columbia Pike will be closed during work hours to facilitate backfill of green area in the sidewalk.
• Once the contractor begins work west of South Greenbrier Street on the south side of Columbia Pike, the right lane on northbound South Jefferson Street will be closed 24/7.

Driveway Impacts

• The driveway entrances for the following properties will be partially closed during roadway construction but access will be maintained:
  o Key Garden Apartments
  o Arbor Heights Apartments
  o Palazzo Condominiums
  o Greenbrier Apartments
  o Wildwood Park Apartments

Sidewalk Closures

• The east-side sidewalk on South Jefferson Street will remain closed to facilitate construction of sidewalk. Pedestrians should use the west sidewalk on Jefferson Street. A temporary ADA ramp has been constructed south of the Wildwood Apartment entrance on Jefferson Street.
• Sidewalk east of the Wildwood Park entrance on the south side of Columbia Pike is currently closed. Once the sidewalk east of this entrance is constructed and reopened, the contractor will close the sidewalk west of the entrance. Pedestrians should use the sidewalk east of the entrance and the crosswalk at South Greenbrier Street when the sidewalk west of the Wildwood Park entrance is closed.
• One of the two crosswalks across Columbia Pike at South Frederick Street will be closed as needed.
• Crosswalks on the north side and west side of the Columbia Pike and South Dinwiddie/Columbus Street intersection will be closed one at a time as needed. Three crosswalks at the intersection will always stay open.
• Sidewalk on the east side of South Columbus Street will be closed from north of the 7-Eleven entrance to Columbia Pike. Pedestrians should use the crosswalk at 10th Street South and Columbus Street to traverse this area.
