

## Example of Land Disturbing Activity Calculation

Areas with RED borders include land disturbing activity

### AREA OF DISTURBANCE CALCULATIONS

Rear Addition:  $15' \times 30' = 450$  SF

Material Storage:  $18' \times 18' = 324$  SF

Buffer:  $10' \times 45' = 450$  SF

Dumpster storage:  $15' \times 20' = 300$  SF

Construction access path:  $10' \times 65' = 650$  SF

**Total area of disturbance = 2,174 SF**
