Product description

Color: Navy/Gray/White

The CHARLESTON scrolled arm awning is a Beauty-Mark Brand by Awntech. This is very popular with customers who need a designer style of awning to enhance the beauty of their home. The CHARLESTON is equally popular among residential and the commercial customers and seems to fit most architectural styles. Don't be fooled by the beauty and the elegance of the CHARLESTON. Although easy to assemble, it has a full frame underneath and it has been engineered and tested to withstand serious weather conditions. Other modular fixed awnings on the market will collapse and rip away from your home in gusty wind conditions. Installation is as easy as installing a few wall brackets, setting the awning into the brackets and tightening. The frame is manufactured with structural aluminum and stainless steel hardware. The CHARLESTON canopy is made from Beauty-Mark Acrylic Fabrics, woven from 100% solution dyed acrylic anti-microbial yarns and treated with UV and water resistant coatings. Beauty-Mark fabrics are available in many designer solids and stripes.
