

## Action Item

### Arlington's Vision for Cultural Facilities

*Adopted by the Cultural Facilities Task Force, April 2018*

Participation in and appreciation of the arts is deeply embedded within the lives of Arlingtonians. Our vibrant and engaged community distinguishes Arlington's world-class urban characteristics in the region. Arts and cultural facilities provide the places where people unite to form a caring, learning, participating, sustainable community in which artistic expression and cultural traditions can occur

***We envision a diverse and inclusive community with spaces and places that enable a full range of arts and cultural activity for creation, presentation, enjoyment and education.***

*Draft Motion: Motion to adopt Arlington's Vision for Cultural Facilities as developed by the Cultural Facilities Task Force.*
