

Study Name and Submission Date	Process Type	Appropriate Process Type?	Additional Input
2401 Wilson Boulevard (2009)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
Bergmann's (2011)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
Colony House (2011)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
Washington Vista (2015)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
11 <sup>th</sup> and Vermont (2016)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
Washington and Kirkwood (2016)	Special GLUP Study Plus	The Special GLUP Study Plus was a new process that evolved in response to several GLUP amendment requests on contiguous parcels.	Should this have been a small area plan? Should this process have been addressed differently or at a different time given other work plan priorities?
3804 Wilson Boulevard – Staples (2016)	Special GLUP Study	Staff was in the process of preparing a report to the County Board recommending not advertising a change to the GLUP in this location when the applicant withdrew its request.	Should this application not have been accepted, as there did not appear to be a compelling reason to go against the guidance of the relevant adopted sector plan?
2300 9 <sup>th</sup> Street South (2017)	Special GLUP Study	Yes	Relatively straightforward Special GLUP Study process – single site, single applicant.
