#### YES I CAN.

- \_\_\_ Drive without sending or receiving texts.
- \_\_\_ Call/text before I start driving to let parents, friends and others know when I'll arrive.
- \_\_\_ Pull over to a safe location to check texts or listen to voicemail.
- \_\_\_ Deputize my passenger when I am driving to text or make calls for me.
- \_\_\_ When alone, turn my cell phone off or on vibrate before starting to drive
- \_\_\_ Wait to text or call others until they have stopped driving.
- \_\_\_ Stop texting, or end phone conversations with others once I learn they are driving.
- \_\_\_ Pull over to a safe location or wait until I am finished driving to eat or apply make-up.
- \_\_\_ Put over to a safe location or wait until I am finished driving to adjust music, change CD's, check Facebook, surf the Internet, scroll through I-Pods, I-Phones, or similar devices.
- \_\_\_ When being driven by a distracted driver ask the driver to drive safer.
- \_\_\_ As a passenger share the responsibility for arriving safely with my driver and offer help so my driver does not drive distracted.
- \_\_\_ I can \_\_\_\_\_

I/we will take these steps to protect myself, my friends and family and others from preventable crashes.
